## NARCOTICS AGREEMENT

We are committed to doing all we can to treat your chronic pain condition. In some case, controlled substances are used as a therapeutic option in the management of chronic pain, which is strictly regulated by both state and federal agencies. This agreement is a tool to protect both you and the physician by establishing guidelines, within the laws for proper and controlled substance use. The words “we” and “our” refer to the facility and the words “I”, “you”, “me” or “my” refer to you the patient.

1. All controlled substances must come from the physician whose signature appears below or, during his/her absence, by the covering physician, unless specific authorization is obtained for an exception. I understand that I must tell the physician whose signature appears below or during his/her absence, the covering physician, all drugs that I am taking, have purchased, or have obtained, even over-the-counter medications. Failure to do so may result in drug interactions or overdoses that could result in harm to me, including death. I will not seek prescription for controlled substances from any other physicians, healthcare provider, or dentist. I understand it is unlawful to be prescribed the same controlled medication by more than one physician at a time without each physician’s knowledge. I also understand that it is unlawful to obtain or to attempt to obtain a prescription for a controlled substance by knowingly misrepresenting facts to a physician, or his/her staff, or knowingly withholding facts from a physician or his/her staff (including failure to inform the physician or his/her staff of all controlled substances that I have been prescribed).
2. I am aware that the use of such medicine has certain risks associated with it, including but not limited to: sleepiness, drowsiness, constipation, nausea, itching, vomiting, dizziness, allergic reaction, slowing of breathing rate, slowing of reflexes or reaction time, physical dependence, tolerance to analgesia, addiction and possibility that the medicine will not provide complete pain relief.
3. I understand that physical dependence is a normal, expected result of using these medicines for a long time. I understand that physical dependence is not the same as addiction. I am aware physical dependence means that if my pain medicine use is markedly decreased, stopped or reversed by some of the agents mentioned above, I will experience a withdrawal syndrome. This mean I may have any or all of the following symptoms: runny nose, yawning, large pupils, goose bumps, abdominal pain/cramping, diarrhea, irritability, aches throughout my body and a flu like feeling. I am aware that opioid withdrawal is uncomfortable but not life threatening.
4. You may not share, sell, or otherwise permit others; including spouse or family members, to have access to any controlled substances that you have been prescribed.

5. Early refills will not be given. Renewals are based upon keeping scheduled appointments. Please do not phone for prescriptions after hours or on weekends.
6. I will not consume excessive amounts of alcohol in conjunction with controlled substances. I will not use, purchase, or otherwise obtain any other legal drugs except as specifically authorized by the physician whose signature appears below or, during his/her absence by the covering physician, as set forth in section 1 above. I will not use, purchase or to otherwise obtain illegal drugs, including marijuana, cocaine, etc. I understand that driving while underneath influence of any substance, including q a prescribed controlled substance, or any combination of substances (e.g., alcohol and prescription drugs), which impairs my driving ability, may result in DUI charges.
7. In the event you are arrested or incarcerated related to legal or illegal drugs (including alcohol), refills on controlled substances will not be given.
8. Medications or written prescriptions may not be replaced if they are lost, stolen, get wet, are destroyed, left on an airplane, etc. If your medication has been stolen it will not be replaced unless explicit proof is provided with direct evidence from authorities. A report narrating what you told authorities is not enough.
9. Unannounced urine or serum toxicology specimens may be requested from you, and your cooperation is required. Presence of unauthorized substances in urine or serum toxicology screens may result in your discharge from this facility.
10. All controlled substances must be obtained at the same pharmacy, where possible. Should the need arise to change pharmacies; our office must be informed.

The pharmacy that you have selected is:

\_\_\_\_\_ Phone: \_\_\_\_\_

11. I understand that failure to adhere to these policies may result in cessation of therapy with controlled substances prescribed by this physician and other physicians at the facility and that law enforcement officials may be contacted.
12. I affirm that I have full right and power to sign and be bound by this agreement, and that I have read it and understand and accept all of its terms. A copy of this document has been given to me.
